VOLUME 8 — ADA, OKLAHOMA, MONDAY, APRIL 1, 1912 — NUMBER 307

Clothes for Easter

We invite you to come, if for no other reason than to look at what we have for Easter. We like to show it; it's the greatest stock of high grade clothes for young men and progressive mature men in the world.

SPECIAL VALUES

Timely tailored silk-lined fast Blue Serge Suits at $25.00. They'd be generous values at $35.00. A selection of fabrics from the leading mills; new novelties, weaves and shades in the latest productions are included in this. Special prices at $25.00

This Is the Boys' Store for WIDOW JONES Knickerbocker Suits.

They lend that trim, well set-up air which denotes the "thoroughbred." Widow Jones clothes make the mediocre figure look manly. The amazing thing about them is how such thoroughly good clothes can be sold at such moderate prices. We do it though.

$4.50 to $12.50

SHOES--Low Cuts for Spring Patent, Tan, Gun Metals and Vici, shown in a variety of patterns and styles—$3.50 to $6.00—in representing the best shoe men in the country—W. L. Douglas, Burt & Packard, Hanan & Son. We merit your patronage.

EAST MAIN STREET WANTS COURT HOUSE

OFFER FREE QUARTERS FOR COUNTY OFFICIALS IN PONTOTOC BUILDING.

Another court house deal is on foot and will probably be settled by the county commissioners tomorrow. The owners of the Pontotoc building on East Main are understood to have made a proposition, offering the rent of the second story of their building at $1 per year. Two years ago, when the owner of the first quarters occupied by the county attempted to raise the rent from $100 to $125 per month, the commissioners accepted the offer of the owners of the 12th street building to take the upper floor at a figure somewhat below that. The commissioners have not given any intimation of their attitude towards the latest proposition.

JOSEPH ANDERSON FOR COUNTY CLERK

Joseph Anderson of Roff, authorizes the News to announce his candidacy for the democratic nomination to the office of county clerk.

Joe is one of the pioneers of Pontotoc county, coming here in 1893 and settling near where Roff now stands, and has lived in that vicinity ever since. During this time he has farmed, taught school and held various positions in the city administration of Roff. As evidence of the esteem and confidence in which he is held by his fellow townsmen, who have been most intimately associated with him, it is only necessary to call attention to the fact that he has been a member of the city council of Roff ever since the town was organized dwith the exception of one term, was city clerk eight years, tax collector one year and assessor one year. Not only is he popular among his neighbors, but by his quiet unassuming life and square dealings, he has made friends all over Pontotoc county. He has always been found on the side of law and order and is one of the sturdy pioneers who helped to make Pontotoc county what it is today—the best spot in Oklahoma. Moreover, his experience as an officer at Roff and in business lines generally, has been such as to make him a most capable officer should he be elected to the office he now seeks.

There has never been any room to question Mr. Anderson's democracy, for he was born a democrat in Georgia, raised up in the faith in Tennessee and has been right up in the front ranks in Oklahoma. His great-grandfather, Joseph Anderson, was elected along with Andrew Jackson as first United States senators from Tennessee, and his grandfather, Thos. A. Anderson, was editor of the Athens, Tenn., Post, the leading democratic paper in East Tennessee, which fought the Whigs under the leadership of Brownlow before the war. He was also an elector on the Polk ticket in 1844. From this it will be seen that Joe would not know how to be anything but a democrat, even if he wanted to.

He invites a close examination of his past record and promises, if elected, to give the county the most capable and economical administration possible.

Listen Friends.

I don't want you to read this unless you have confidence in my word. For two years I suffered from a sore on my shin caused by an ax cut. I tried a great many remedies with no results. At last I went to Gwin & Mays, they sold me a box of "Gwin & Mays' Shin Salve," and the second 25c box cured that sore absolutely. I trust that my experience may help other sufferers.

Yours very truly,

ATHENA UNDERWEAR

For Women, Misses and Children

AS NECESSARY as the right corset to the woman who would be correctly and comfortably gowned.

Here are some of its exclusive merits.

A patented seat that gives extra room where room is needed most.
A special stay that prevents the garment from stretching over the shoulder.
An elastic cuff that holds the sleeve in place and keeps it from slipping up on the arm.
Trimming put on in an improved way, giving exquisite daintiness that is not lessened by washing.

In all shapes and fabrics at the price you usually pay. Try Athena for the children. Perfect fitting garments for all ages—from two to sixteen years.

Death at Bebee.

At 6 o'clock Sunday evening the 12-year-old son of G. L. Ivey died at Bebee of uremic poisoning. The interment took place this afternoon.

Homeseekers at McAlester.

McAlester, Okla., March 29.—One hundred land seekers from Ohio, Indiana and Kentucky were here today on a special train. They are going over the eastern part of the state. They were entertained by an automobile ride and luncheon. This is the first party of homeseekers to tour this state exclusively, most of them having only passed through here on their way to Texas. The coming sale of the surface of the segregated coal lands is attracting much attention.

VANOSS ROAD TO BE OPENED

About twenty of the leading citizens of Vanoss were in town today to meet the commissioners and fight out the matter of the road west of that place, which has been the bone of contention almost ever since statehood. At the last meeting of the commissioners, Commissioner Montgomery voted to open the road, and Commissioner Richardson voted against it. Today Commissioner Hunt cast the deciding vote in favor of opening the road. It is rumored, however, that G. W. Hicks, whose land it will run through, will seek to secure an injunction.

OKLAHOMA CENTRAL ROAD WILL BE SOLD

Muskogee, Okla., April 1.—The petition of the Western Trust and Savings bank, of Chicago, against the Oklahoma Central Railway company was sustained by Federal Judge Campbell here Saturdday, and the road is ordered sold to satisfy a mortgage of $10,000,000. Since June, 1908, the road has been in the hands of Asa Ramsey, receiver, who was appointed upon the application of Ralph W. Angler, whose judgment against the company was returned unsatisfied.

The road runs from Lehigh to Chickasha, and has connection with trunk lines. Since it has been in the hands of the receiver the property has been self-sustaining according to the petition of the plaintiff company.

The court announced that he would overrule all motions for intervention, petitions for claims pending, and sustained, with the exception of a few small items, the report of the master in chancery.

Railroad men state that it will be difficult to dispose of the property for the reason that trunk lines to which it would be most valuable, are prevented from acquiring control of it by the state laws. It is believed that outstanding claims will more

GOLD EXCITEMENT IN VICINITY OF TISHOMINGO

Oklahoma City, April 1.—Attorney E. A. Wagener returned Saturday from a professional trip to Tishomingo, the historic old Chickasaw capital, and now the county seat of Johnston county. He states that the town is just now in a quiver of excitement due to some startling gold ore developments a mile west of the city. T. C. Ware, president of the Ware Reality company, a Tishomingo institution, operating with some San Antonio investors, is developing the claim that has awakened so much excitement.

"Some days ago," said Mr. Wagener, "the developing company sent a sample of its rock ore to Prof. Beams of Denver, the inventor of the Beams Cyanide process of extracting gold from low grade ores. The sample assayed $12.79 in gold to the ton, and Mr. Beams says that the rock can be mined at an average profit of $3.00 to the ton. Another prominent assayer's report that the rock would develop a gross value of $12.58 to the ton, which is not materially different from that of Prof. Beams.

"The test is being conducted in the same kind of rock that underlies the surface at Ravia, which is but three miles distant. There is an unlimited quantity of the rock in that section. I believe that the time is not far distant when Johnston county will be among the largest producers of minerals in the state. It has an untold quantity of granite and marble and the tests now being conducted there for zinc, copper, gold and silver are very promising.

"The town of Tishomingo is now experiencing on of the greatest realty booms in the history of Oklahoma. When I left there Friday afternoon, there were several hundred people there to meet the Prendergrast special, which brought 100 investors to that place for a two days' stay. Property values are mounting skyward, holdings are changing hands with lightning-like rapidity and the whole situation seems to be a miniature re-duplication of California and the year 1849."

Alabama Booms Underwood.

Montgomery, Ala., April 1.—At a state-wide primary in Alabama today the democratic voters selected candidates for Congress and named delegates to the state convention which is to assemble two weeks hence to nominate candidates for the state offices to be filled at the coming election. In the primaries the voters also were given an opportunity to express their preference for the presidential nomination, but the delegates to the Baltimore gathering will be selected by the state convention. As Alabama is solidly for Congressman Oscar W. Underwood for the presidential nomination, the interest in the presidential contest is confined largely to the efforts of the Harmon, Wilson and Clark managers to secure the selection of delegates who may favor their candidate for second choice.

"The Men with the Tape"

The Okmulgee Herald is sore over the scandalous conduct of the jury that freed the meat packers and attacks the jury system as being a relic of the dark ages. It suggests as a substitute a trial before five judges, three of whom are empowered to render a verdict.

Every little while some fellow with a twine string in the place where his backbone ought to be, tries to break into print and give somebody a lambasting, yet he tries to conceal his identity even from the editor of the paper to whom he sends his stuff. Of course, they seldom succeed, for the editor generally consigns such drivel to the waste basket. What the editor himself says and for anything unsigned, he must stand responsible and most editors have all the responsibilities they care for without shouldering a load for some fellow hidden in the grass with a 22 calibre gun with which he would like to take pot shots at his passing neighbors.

SAW BIG SHOW AND HEARD COL. ROOSEVELT

While on his late trip to the markets of Kansas City and Chicago, S. M. Shaw ran into the twenty-seven-inch snow which covered Kansas City and paralyzed traffic for a day. The snow was so abundant that a week later, as he was returning home, Mr. Shaw saw great piles of it where it had been thrown when the streets were cleared still unmelted. He says the Kansas City people assured him that it was the greatest snow on record.

While at Chicago he attended the big gathering which was addressed by Roosevelt, and says an abundance of enthusiasm was in evidence. The great auditorium would not seat half the people who wanted in and the police had their hands full in keeping back the surging crowd that thronged the streets.

Bitter Saloon Contest in Illinois.

Chicago, Ill., April 1.—A bitter contest between the liquor interests and the anti-saloon forces will reach its climax in the elections about to be held in more than one hundred cities and towns in Illinois. The town elections will be held tomorrow and the city elections one week later. Reports from all over the state indicate intense interest in the struggle. Among the larger places which will vote on the "wet" and "dry" question are Moline, Freeport, Rockford, Waukegan, Mattoon, Belvidere, Champaign, Centralia and Dixon.

OKLAHOMAN KILED IN THE MOJAVE DESERT

San Bernardio, Calif., April 1.—Attacked by robbers on the Mojave desert, Leo Smith is dead and Claude E. Anderson is on the verge of complete mental collapse today, according to the statement of the hospital attendant, who ministered to Anderson and to whom the man told a terrible story of a desert battle and his subsquent suffering upon his arrival here.

Both men have homes in Fort Gibson, Oklahoma. They left San Bernardino recently on a prospecting tour. According to Anderson the desert bandits killed Smith and buried his body in the sand. They left Anderson for dead.

Late Thursday Santa Fe trainmen found Anderson lying on his stomach and axe in his hands, closely guarding a squirrel hole near a desert tank station. With the axe he attacked the men when they approached. Because of his weakened condition they easily overpowered him. Deputy Sheriff Todd left for the desert in search for Smith's body.

Michigan Vote on Liquor.

Detroit, Mich., April 1.—The "wets" and "drys" measured strength in Michigan today, when the voters of twenty-five counties of the lower peninsula went to the polls to cast their votes for or against the saloon under the county option law. Interest centers largely in the eighteen counties that have been "dry" for two years and are now having the question submitted again. They are: Kalkaska, Shiawassee, Isabella, St. Joseph, Ingham, Presque Isle, Charlevoix, Otsego, Cass, Osceola, Branch, Ogemaw, Arenac, Oceana, Autrim, Missaukee, Alcona and Lapeer. The opponents of the prohibition movement believe that a change of sentiment will result in swinging several of the counties that voted out the saloon two years ago back into the "wet" column. The anti-saloon campaign managers, on the other hand, predict that the number of "wet" counties will be materially cut down as a result of today's elections.

ANOTHER OF ALLEN GANG IS CAPTURED

Hillsville, Va., March 29.—Friel Alen, a blue-eyed stripling of 17, youngest of the eight of the Allen gang, each indicted for the five murders in the Carroll county court house a fortnight ago, was captured late today in a carriage shed at the home of his father, Jack Allen, eight miles from here. He cheerfully submitted to arrest and tonight occupies a cell in the Hillsville jail, with his cousin, Claude Swanson Allen, who surrendered without resistence to the detectives yesterday.

Two Fugitives Left.

Only Sidna Allen, a man of middle age, and his young nephew, Wesley Edwards, both bold mountaineers of reckless daring, are fugitives tonight. They are the last of the outlaw band whose fusilade killed a judge, sheriff, prosecutor and bystander on March 14.

Friel Allen two days ago deserted the two men still at large and brought back tonight their ultimate defiance. Both are prepared to resist until death.

A father's anxiety to have his youngest son spared a terrible death in the mountains is assumed to be the cause of Friel Allen's capture. Jack Allen was not involved in the court house shooting, but it is known that since his son Friel joined the outlaws he has been endeavoring to advise him to submit to the mercy of the law. Just how the parent communicated with the boy has not been disclosed.

Interest in Wisconsin Primaries.

Milwaukee, Wis., April 1.—Leaders of national politics are looking ahead with acute interest to the presidential preference primaries in Wisconsin tomorrow, the first to be held under the new state law. Delegates-at-large and district delegates to the national conventions of both parties are to be selected.

Wisconsin is the home of Senator La Follette and is generally supposed to have strong progressive leanings. Impartial judges of the situation predict that La Follette will carry the majority of the republican delegation, with delegates reported in some cases to favor Roosevelt for second choice. The Taft men, including many of the older leaders of the party, have waged an active campaign, but their hope is not to get a majority of the delegation, but to prevent La Follette from having a unanimous vote from the state. On the democratic side confident claims are being made behalf of Clark, Wilson and Harmon, and it is impossible to predict with any degree of certainty which of the three candidates will secure the largest number of delegates from Wisconsin to the Baltimore convention.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.

On the modern household. The up-to-date housewife no longer finds the household duties a drudgery. She has electricity installed in her home. The house is heated, she cooks, bakes, operates her sewing machine, her washing machine and does her ironing—all by electricity. It saves health and strength and prolongs life. It is quick, reliable and convenient. The housewife who would like to learn how to lighten her labors should call at our office. We will be glad to explain more fully.

A CLOSE CALL FOR SENATOR GORE

Waukesha, Wis., March 30.—Senator Gore, of Oklahoma, narrowly escaped death this afternoon when a crazed Pole, Charles Schomalk, attacked him with a club while the Senator was speaking.

The Pole was sitting near the stage and in the midst of the Senator's speech suddenly leaped to the platform, drawing a club from under his overalls as he jumped and swung instantly at the Senator's head.

One of the men on the stage, Judge P. C. Marman, was quicker than the maniac, however, and knocked Schomalk off the stage before the his blow landed.

The Senator, who could not see his danger, was unaware of the incident until later.

Senator Gore had arrived here this evening for one of a half dozen speeches he is making in a hurricane wind-up of the campaign for Woodrow Wilson.

Judge Marman had introduced him to the audience and had taken his seat while Senator Gore was proceeding with his address. The speech was nearly half ended when the Pole rose suddenly and jumped to the platform with the club and shouting incoherently that he was Jesus. The audience was panic-stricken for the moment as the maniac started toward Senator Gore, who did not realize what was occurring.

As he raised the club Judge Marman and a dozen others rushed for the Pole, and Marman floored him with a blow on the chin.

Gen. Buckner's 89th Birthday.

Munfordsville, Ky., April 1.—At his quaint old log house at Glen Lily on the Green river, eight miles above this city, Gen. Simon Bolivar Buckner, formerly governor of Kentucky and now the only remaining corps commander of the Confederate army, received today many of his friends who called to congratulate him to his eighty-ninth birthday. Still hale and strong for his years, Gen. Buckner entertained his visitors with old time hopitality and responded to the toasts in his usual happy style.

A clever arrangement of paint cans and appropriate advertising material form the basis of an exceedingly attractive window in Ramsey Drug Co.'s store this week. A special feature of the display is a set of old weather beaten carriage spokes with half of the surface of the spokes treated to one coat of Acme Quality Carriage Paint—each spoke showing a different color of the paint. The following statement is made on one of the display cards. "You can make your old buggy look new for a dollar by the use of this paint." With this suggestion and the very small outlay necessary, we are sure that all of the shabby vehicles in this territory will immediately take on a new appearance. Besides being good for all kinds of vehicles, attractive display signs illustrate in colors a great many other uses for this wonderful paint in and about the home. The display is a creditable one and well worth inspecting.

City Election in Chicago.

Chicago, Ill., April 1.—The polls will open at 6 o'clock tomorrow morning for what is looked upon as one of the most important aldermanic elections held in Chicago for some years. Keen interest is displayed in many of the thirty-five wards, each of which will elect a member of the new city council. Reform organizations are putting forth their usual efforts to defeat the candidates who are believed to have personal gain more at heart than the public good. In addition to electing aldermen the voters will have an opportunity to pass on a $9,000,000 bond issue.

Your Money Back If You Are Not Satisfied with the Medicine We Recommend.

We are so positive that our remedy will relieve constipation, no mady will permanently relieve constipation, no matter how chronic it may be, that we offer to furnish the medicineat our expense should it fail to produce satisfactory results.

It is worse than useless to attempt to cure constipation with cathartic drugs. Laxatives or cathartics do much harm. They cause a reaction, irritate, and weaken the bowels and tend to make constipation more chronic. Besides, their use becomes a habit that is adngerous.

Constipation is caused by a weakness of the nerves and muscles of the large intestine or descending colon. To expect permanent relief you must therefore tone up and strengthen these organs and restore them to healthier activity.

Wewant you to try Rexall Orderlies on our recommendation. They are exceedingly pleasant to take, being eaten like candy, and are ideal for children, delicate persons and old folks, as well as for the robust. They act directly on the nerves and muscles of the bowels. They apparently have a neutral action on other associate organs or glands. They do not purge, cause excessive looseness, nor create any inconvenience whatever. They may be taken at any time, day or night. They will positively relieve chronic or habitual constipation ... not of a surgical character and the myriads of associate or dependent chronic ailments, if ... with regularity for a reasonable length of ... 12 tablets, 10 cents; 36 tablets ... 80 tablets, 50 cents ... at our store—The ... ll Store ... in & Mays ... WHY not give your lad the same training?

"When I was a growing lad, and came upon many words in my reading that I did not understand, my mother, instead of giving me the definition when I applied to her, uniformly sent me to the dictionary to learn it, and in this way I gradually learned many things besides the meaning of the individual word in question—among other things, how to use a dictionary, and the great pleasure and advantage there might be in the use of the dictionary. Afterwards, when I went to the village school, my chief diversion, after lessons were learned and before they were recited, was in turning over the pages of the 'Unabridged' of those days. Now the most modern Unabridged—the NEW INTERNATIONAL—gives me a pleasure of the same sort. So far as my knowledge extends, it is at present the best of the one-volume dictionaries, and quite sufficient for all ordinary uses. Even those who possess the splendid dictionaries in several volumes will yet find it a great convenience to have this, which is so compact, so full, and so trustworthy as to leave, in most cases, little to be desired."—Albert S. Cook, Ph.D., LL.D., Professor of the English Language and Literature, Yale Univ. April 28, 1911.
